Virtual Meeting(Zoom)
5:00pm**

Notes/Minutes

- 1) Welcome, agenda review – Provided an update on Covid and protocols/procedures. Students doing a great job in school – meeting expectations and impressing teachers.
- 2) Updates: Budget Process – The process is just beginning. Mr. DiGirolamo is beginning the process and submitting the middle school budget this month.
- 3) Improvement Plan Review: Goal 1 Focus – The group reviewed a draft of Goal 1 for the Improvement Plan. The hybrid model, remote learning, and schedule have impacted the educational experience for students: a significant amount of time was spent before the start of the school year in preparation, trainings, etc. Without MCAS, growth goals were not possible to assess for this year. MCAS is currently scheduled for the spring of 2021 – action items are in place to assess student performance as we enter the 2021-2022 school year.
- 4) Agenda Items for Next Week – Mr. DiGirolamo will be sending the draft copy of goal 1 to the group, as well as the site council calendar for the remainder of the year.
